Kansas Parents As Teachers Association
is a 501 (c)3 statewide organization created to provide
networking opportunities, leadership, visibility, research
and information to build quality Parents As Teachers
programs throughout Kansas.

We strive to heighten visibility of quality parent
education in the state. We also distribute research and
collaboration information on best practices in parent
education and early childhood education.

KPATA also strives to educate state policy leadership to
ensure the positive growth and development of children,
support parents, and build effective systems for equal
access to parent education statewide. KPATA supports
PAT programs operating within school districts and within
other program delivery systems.

Kansas Parents As Teachers Association supports PAT
programs by facilitating parent educator inservice
opportunities and Parents As Teachers state and local
supervisors and coordinators.
